DETAILED ACTION

- (1). Applicants' Request-for-Continued Examination (RCEX). Remarks filed on November 20, 2006 have been received.

The rejections of claims 1-13 in prior Office Action dated May 19, 2006 is sustained.

Claim Rejections - 35 USC § 102/103

- (2). The text of those Section Title 35 U. S. Code not included in this Office Action can be found in the prior Office Action dated December 15, 2005.
- (3). **Claims 1-13** are rejected under 35 U.S.C. 102(e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Stengel et al (US006458885B1) for the same rationale recited in the prior Office Action dated December 15, 2005.

Response to Arguments

Applicant's arguments in the Remarks filed on November 20, 2006 are noted.

Applicant's arguments, see page 5 and 6 in Remarks, filed on August 21, 2006, with respect to the rejection(s) of claim(s) 1 under 102/103 by Stengel et al (US006458885B1) have been fully considered and are persuasive. However, the issues of structural difference addressed by applicants in the Remarks filed on August 21, 2006 need to be provided in Affidavits since the instant composition claim 1 is met by prior art reference Stengel et al (US006458885B1).

As to the different technological properties such as good balance between good scratch resistance on one hand and good drying properties and hardness on the other hand addressed by applicants on page 7 in Remarks filed on August 21, 2006, these properties are not presented in applicants' claims.
